

Record Number File Unclaimed Property Claims

Burlington, Vermont - May 19, 2008

A record number of Vermonters got what was coming to them in the past year.

State Treasurer Jeb Spaulding says nearly 10,000 people claimed more than \$4-million from old bank accounts, insurance policies, utility deposits and more accounts in the same vein. Claims were up 66 percent from 2007.

Even so, the total amount of unclaimed property continues to grow; nearly \$45-million remains unclaimed. To see if you have a little pot of gold waiting for you, visit the InfoCenter.
