CALL TO ORDER:

Ms. Pearce called the meeting to order at 2:32 p.m.

Item 1: Agenda approval and announcements

Ms. Swett moved to approve the agenda. Mr. Hooper seconded the motion. The Board voted unanimously to approve the agenda for the meeting.

Item 2: Approve the minutes of November 19, 2019

Mt. Cotel moved to approve the minutes of November 19, 2019. Mr. Reville seconded the motion. There was no further discussion. The Board voted unanimously to approve the minutes.
**Item 3: Contract**

Mr. Clasen introduced staff from TAG Resources to the Board and detailed that the goal of the meeting was for the Board to approve a motion for the Treasurer’s Office to sign a contract with TAG Resources on behalf of the Board. In 2019, the Board received two bids in response to its second RFP for a third-party administrator. The Board then directed Treasury staff to enter into contract negotiations with TAG Resources, but this process was delayed by the onset of the COVID-19 pandemic and emergency response.

Mr. Duggan reviewed a PowerPoint presentation that was prepared for the Board to aid in the description of the contracting process. Ms. Pearce asked how many employers might participate in a soft launch of the plan. Mr. Duggan responded that he expected 5-10 employers to be included in a soft launch. Mr. Clasen added that different types of employers would be included so that TAG would have the opportunity to work through different types of scenarios.

Mr. Cotel asked if it would be more helpful to include small or large employers. Mr. Tisue responded that the most important aspect is the testimonials that employers could provide, in addition, variances in payroll service providers would be helpful in troubleshooting.

Ms. Swett noted that she is a member of Vermont Businesses for Social Responsibility and that they have a membership base of 700+ businesses in Vermont. Mr. Clasen reminded the Board that AARP has also committed to helping with marketing in different varieties.

Mr. Duggan noted that the soft launch is in the 3-month timeline and that marketing is a part of the 6-month timeline. Ms. Pearce noted that the Treasurer’s Office is also keeping a list of employers that reach out with interest.

Mr. Tisue and Ms. Gravitt provided the Board with some statistics as to the growth in plans in that they have seen since the beginning of the pandemic as well as the passage of the SECURE Act.

**Item 4: Next Steps for Green Mountain Secure Retirement**

Mr. Clasen outlined that the next steps for the plan are further discussions regarding plan development and administration as well as working with TAG on a timeline for deliverables.

Ms. Pearce asked if there were any other comments from Board Members. Mr. Boardman noted that 10 businesses for a soft launch seemed like a small number. Mr. Tisue replied that 10 high-quality case studies about the initial experience will be important. Mr. Hooper stated that there is preponderance of small businesses in Vermont with great stories.

Mr. Cotel asked about the fiduciary responsibility component of the contract and the reference to the Board as a “sponsor,” but the term “sponsor” not being defined. Mr. Duggan noted that the motion that the Board would entertain would allow for technical clean-up of that nature.
Ms. Swett moved to approve the contract with TAG Resources, subject to any technical and non-material changes. Mr. Cotel seconded the motion. There was no further discussion and the Board voted unanimously to approve the motion.

The Board also wished to extend its thanks for the assistance of Angela Antonelli at the Georgetown Center for Retirement Initiatives and to David Morse at K&L Gates.

Mr. Boardman asked a follow-up question about the fiduciary responsibilities of individual board members, and if there would be coverage from the State if the Board were to be sued. Mr. Duggan replied that the Board acts as a sponsor as an instrumentality of the State and that he would do some more research and provide an additional response to the Board at its next meeting.

Item 5: Adjourn

Mr. Hooper moved to adjourn the meeting. Mr. Boardman seconded the motion. The Board voted unanimously to adjourn the meeting at 3:12 p.m.

RE: Green Mountain Secure Retirement Plan Update

In 2017, the General Assembly authorized creation of the Green Mountain Secure Retirement Plan (Plan) through the passage of Act 69. Specifically, the General Assembly provided that “[t]he State of Vermont shall, consistent with federal law and regulation, adopt and implement a voluntary Multiple Employer Plan (MEP) public retirement plan, which shall remain in compliance with federal law and regulations once implemented, and shall be called the ‘Green Mountain Secure Retirement Plan.’” 2017 Acts & Resolves No. 69, Sec. C.1, Subsec. (a).

Per Act 69, the Plan is overseen by a 7-member Board, and as State Treasurer, I serve as Chair. I write today to update the General Assembly and Administration on the steps we have made toward implementation of the Plan and the activities that have been carried out in 2020. ¹

We have made significant progress in 2020, which puts us in a good position to launch the Plan in 2021 and hopefully assist small business and their employees as Vermont and the nation recover from the COVID-19 pandemic.

As a reminder, the Green Mountain Secure Retirement Plan (Plan) was originally intended to be in place in January 2019. The Board worked throughout 2018 to achieve this goal. However, as previously noted, we put the implementation schedule on hold in 2018, following the promulgation of proposed rule by the federal Department of Labor (DOL). Definition of “Employer” Under

¹ Act 69, Sec. C.1 requires an annual report on certain metrics beginning January 2020, e.g., number of participants and participating employers, funds contributed, etc. Because the Plan is not yet launched, there is no data to report. We look forward to providing this data in next year’s report.
Section 3(5) of ERISA—Association Retirement Plans and Other Multiple-Employer Plans, 83 Fed. Reg. 53,534 (Oct. 23, 2018) (Proposed Rule). The Proposed Rule threatened to impact the ability of states to implement a multiple employer plan such as Green Mountain Secure. In response, we, along with other states, urged DOL to clarify that its proposed rule does not impact state plans like Green Mountain Secure, which it did on July 31, 2019. Definition of “Employer” Under Section 3(5) of ERISA—Association Retirement Plans and Other Multiple-Employer Plans, 83 Fed. Reg. 53,534 (Jul. 31, 2019) (Final Rule). In the Final Rule, DOL provided the clarification sought by Vermont and other states, confirming that the Final Rule has no superseding effect on prior DOL statements authorizing state-sponsored MEPs.

With states’ authority to implement plans such as Green Mountain Secure reaffirmed, we moved forward by re-issuing an RFP for in late 2019. The process of negotiating a contract with a third-party administrator consumed much of 2020, and it was delayed in some respects by the COVID-19 pandemic. We are pleased that we were able to execute a contract with TAG Resources, LLC in September of this year to provide third-party administrator and plan fiduciary services.

The contract sets forth two phases of work—a plan development phase followed by a plan administration phase. We are currently working through the plan development phase of work, in which we are working with our contractor to identify appropriate subcontractors (which we have completed), establish a plan design features (which we expect to complete this month), and to put in place all of the processes and procedures necessary for the successful implementation of the Plan.

Our intent is to implement a “soft launch” in the first half of this year, in which we are seeking employers who wish to be early adopters of the Plan. Given the novelty of Green Mountain Secure, we believe it prudent to initiate the plan in this staged manner in order to work through any issues we may uncover with a handful of employers to ensure that a broader statewide launch is successful. We anticipate this full launch will take place in the second half of the year. The Treasurer’s Office is working closely with AARP Vermont, which has committed financial support to help raise public awareness of the plan upon launch.

This past year, and the COVID-19 pandemic, has presented challenges on numerous fronts. Among other things, this year has confirmed the need for programs such as Green Mountain Secure, which will provide a strong retirement savings vehicle to many who do not have access to such savings. I want to further thank the Green Mountain Secure Retirement Plan Board members, as well as staff from the Treasurer’s Office for their hard work in moving the Plan from concept to implementation. We look forward to this year’s launch.

Investment 3(38) Fiduciary Update: January 20, 2021
A 3(38) Investment Manager takes on fiduciary responsibility for the Plan’s investments. This entity selects and monitors Plan Investments, and it takes on the liability for these decisions.

Green Mountain Secure has delegated to TAG Resources the responsibility to hire and oversee the 3(38) Investment Manager.

TAG has selected Mesirow Financial Holdings Inc. to be the Plan’s 3(38) Investment Manager.
• In the Board materials, there are 3 documents relating to TAG’s selection of Mesirow:
  
  • Mesirow Overview – This Document provides an overview of Mesirow, key personnel, and the scope of services provided.
  
  • Mesirow Due Diligence and Lineup – This Document describes how Mesirow approaches creating and monitoring the Plan’s investment lineup.
  
  • 2020Q3_Mesirow POLICE Report_TAG Resources_TAG Zero Revenue Sharing Plan_3 (38) – This is a sample report from Mesirow.
Next Steps

• Because this Board has delegated to TAG the decision to select and monitor a 3(38), no action is sought from this Board.

• Opportunity to ask TAG questions and/or raise any concerns about Mesirow.

• Next Step is for Mesirow to inform the Board as to the investment lineup. Recall that the ultimate responsibility to select this lineup rests with Mesirow.

• TAG will monitor Mesirow as it performs these tasks.
Green Mountain Secure Retirement Plan
Optionality and Participation Agreement: January 20, 2021
The Plan’s Guiding Principles are set forth in statute:

1. **Simplicity:** the Plan should be easy for participants to understand.
2. **Affordability:** the Plan should be administered to maximize cost effectiveness and efficiency.
3. **Ease of access:** the Plan should be easy to join.
4. **Trustworthy oversight:** the Plan should be administered by an organization with unimpeachable credentials.
5. **Protection from exploitation:** the Plan should protect its participants, particularly the elderly, from unscrupulous business practices and individuals.
6. **Portability:** the Plan should not depend upon employment with a specific firm or organization.
7. **Choice:** the Plan should provide sufficient investment alternatives to be suitable for individuals with distinct goals, but not too many options to induce analysis paralysis.
8. **Voluntary:** the Plan should not be mandatory but autoenrollment should be used to increase participation.
9. **Financial education and financial literacy:** the Plan should assist the individual in understanding his or her financial situation.
10. **Sufficient savings:** the Plan should encourage adequate savings in retirement combined with existing pension savings and Social Security.
11. **Additive not duplicative:** the Plan should not compete with existing private sector solutions.
12. **Use of pretax dollars:** contributions to the Plan should be made using pretax dollars.
Goal of this conversation is for the Board to hear recommendations from Staff on plan design options and provide enough feedback for TAG to complete an Adoption Agreement reflective of Board priorities.

At a high level, the Board needs to decide what Plan Design options to set at the Plan level, and what Plan Design options to allow individual employers to exercise.

No formal approval requested today – only feedback requested.

At next meeting, the Adoption Agreement will be presented and discussed, and approval at that time will be sought.
Two Background Documents are provided in the materials:

- TAG Program START-UP SERVICE AGREEMENT – This is the sample service agreement that employers will be asked to sign. Once plan design decisions are finalized, it will be updated, branded, and ready for distribution. It sets out the type of options that can be set either at the Plan or Employer level.

- QACA _ EACA Breakdown – Description from TAG of options for Safe Harbor (QACA) and Non-Safe Harbor (EACA) Plan Design options.
Plan Design - Options

- Two Important Background Points:
  - By law, GMSR is an auto-enroll Plan.
  - Different pricing for Safe Harbor and Non-Safe Harbor Options
    - Safe Harbor - $600 annual employer fee
    - Non-Safe Harbor - $850 annual employer fee

- Plan Design considerations
  - Need to provide a Safe Harbor and Non-Safe Harbor option that includes auto-enroll.
  - TAG has recommended the QACA (Safe Harbor) and EACA (Non-Safe Harbor)
  - As shown on QACA _ EACA Breakdown sheet:
    - Vesting and contribution requirements for the Safe Harbor Plans
    - Much more flexibility for Non-Safe Harbor Plans
• **Recommendations:**

  - Provide for maximum employee eligibility at the Plan level
  - Provide for maximum employer flexibility, so long as there is no pricing impact.

• **Questions:**

  - Should the Plan allow for loans, hardship withdrawals?
    - Once decided, this would likely be set at the Plan level and applicable to all employers
  - Should the Plan set a plan-level auto-enroll amount?
    - 3% is the minimum for Safe Harbor Plans; more flexibility for Non Safe Harbor Plans.
  - Should the Plan allow for maximum employer flexibility on topics such as employer contributions, vesting requirements?

11. Adoption and Effectiveness
