H.572, the equivalent proposal for the Vermont State Teachers System, to provide the VSERS Board an example of the bill’s language.

Ms. Pearce informed the Board due to the sanctions on Russia, staff is liquidating approx. $6 million in investments in index funds. There is also sovereign debt approximately equaling $3 million that will also continue to be liquidated. There is a policy regarding investment in terrorist or genocide linked countries developed in 2011 to mimic the State department’s policies that Ms. Pearce and staff believe, although not listed, this falls under. These efforts remain ongoing, as markets in Russia remain closed.
