3 V.S.A. § 533(1)

7. EXPLANATION OF HOW THE RULE IS WITHIN THE AUTHORITY OF THE AGENCY:

Section 533 of Title 3 of the Vermont Statutes Annotated authorizes the State Treasurer to prepare and adopt rules necessary for the implementation and general administration and operation of the Vermont Saves Program. This rule falls within this authority because it pertains to the governance and administration of the Vermont Saves Program.

8. CONCISE SUMMARY (150 WORDS OR LESS):

The Vermont Saves Program Rule proposes to implement 3 V.S.A. Chapter 18, consistent with the legislative intent to establish a State auto-IRA program for "the purpose of increasing financial security for Vermonters by providing access to an IRA for Vermont employees of companies that do not currently offer a retirement savings program." The rule is intended to ensure the Program is designed to meet the Legislature's requirements that the Program facilitate portability of participant benefits through withdrawals, rollovers, and direct transfers and minimize costs by achieving economies of scale and other efficiencies. Among other things, the rule addresses program eligibility requirements and mandates, employer registration and exemption certification, the participant opt out process, portability (including rollovers and distributions), fund withdrawals, contributions, default contribution rates and investments options, payroll deductions, and the auto-escalation process. The rule also ensures the Prog

9. EXPLANATION OF WHY THE RULE IS NECESSARY:

Vermont law (3 V.S.A. § 533) specifically authorizes the State Treasurer to adopt rules that are necessary and advisable for the implementation and general administration and operation of the Vermont Saves Program. The rule is required to ensure the Program is designed in a manner consistent with legislative intent and in compliance with all applicable State and federal laws and regulations, including the Internal Revenue Code regulations relating to individual retirement arrangements (IRAs).

10. EXPLANATION OF HOW THE RULE IS NOT ARBITRARY AS DEFINED IN 3 V.S.A. § 801(b)(13)(A):

The decision by the Office of the State Treasurer to adopt a rule to implement and administer the Program is rationally related to designing a Program with clear and easy registration requirements for all employers in the State who are required to comply with 3 V.S.A. Chapter 18 and ensure that retirement savings through the Program is convenient and accessible to all eligible participants.

11. LIST OF PEOPLE, ENTERPRISES AND GOVERNMENT ENTITIES AFFECTED BY THIS RULE:

The Rule primarily affects all employers in the State with five or more employees who do not offer a workplace retirement plan and all eligible employees who are automatically enrolled in the Program. The rule may also affect financial advisers and payroll companies who are contacted about retirement or other workplace benefits that are an alternative to the Vermont Saves Program.

12. BRIEF SUMMARY OF ECONOMIC IMPACT (150 WORDS OR LESS):

Vermont Saves will potentially impact tens of thousands of Vermonters and their families. The Program is intended to provide a retirement savings vehicle for employees who do not have access to a workplace retirement plan. Without access to these savings, individuals will have to rely upon federal and state benefit programs in their retirement years. This Program, through its auto-enrollment feature, seeks to create retirement savings vehicles with simple investment options for Vermonters who may not save for retirement otherwise. This may in turn lessen the burden on state governmental programs in future years. The VT Saves Program has no impact on employers, who are not required or permitted to make contributions into their employee accounts. The State made an initial appropriation of \$750,000.00 to launch Vermont Saves, but ongoing funding from the State is not anticipated as Program fees will fund the Program.

Economic Impact Analysis

Instructions:

In completing the economic impact analysis, an agency analyzes and evaluates the anticipated costs and benefits to be expected from adoption of the rule; estimates the costs and benefits for each category of people enterprises and government entities affected by the rule; compares alternatives to adopting the rule; and explains their analysis concluding that rulemaking is the most appropriate method of achieving the regulatory purpose. If no impacts are anticipated, please specify “No impact anticipated” in the field.

Rules affecting or regulating schools or school districts must include cost implications to local school districts and taxpayers in the impact statement, a clear statement of associated costs, and consideration of alternatives to the rule to reduce or ameliorate costs to local school districts while still achieving the objectives of the rule (see 3 V.S.A. § 832b for details).

Rules affecting small businesses (excluding impacts incidental to the purchase and payment of goods and services by the State or an agency thereof), must include ways that a business can reduce the cost or burden of compliance or an explanation of why the agency determines that such evaluation isn’t appropriate, and an evaluation of creative, innovative or flexible methods of compliance that would not significantly impair the effectiveness of the rule or increase the risk to the health, safety, or welfare of the public or those affected by the rule.

1. TITLE OF RULE FILING:

Vermont Saves Program Rule

2. ADOPTING AGENCY:

Office of the State Treasurer

3. CATEGORY OF AFFECTED PARTIES:

LIST CATEGORIES OF PEOPLE, ENTERPRISES, AND GOVERNMENTAL ENTITIES POTENTIALLY AFFECTED BY THE ADOPTION OF THIS RULE AND THE ESTIMATED COSTS AND BENEFITS ANTICIPATED:

The Vermont Saves Program has the potential to improve tens of thousands of Vermonters’ financial lives, and particularly their retirement security. The Program will provide a retirement savings vehicle for many individuals who do not have access to a workplace retirement savings account. Without access to these accounts, many such individuals would rely entirely on

federal and state benefit programs in their retirement years. This Program, through its auto-enrollment feature, seeks to create retirement savings vehicles with simple, effective investment options for these Vermonters. This may in turn lessen the burden on state governmental programs in future years.

The Program only permits employee contributions, so there is no financial burden on employers. Employers are simply required to sign up all covered employees, but that is a short process, done through the Program's vendor. The Program will also benefit these employers who do not currently offer employees a retirement savings vehicle, as it could aid employee retention.

4. IMPACT ON SCHOOLS:

INDICATE ANY IMPACT THAT THE RULE WILL HAVE ON PUBLIC EDUCATION, PUBLIC SCHOOLS, LOCAL SCHOOL DISTRICTS AND/OR TAXPAYERS CLEARLY STATING ANY ASSOCIATED COSTS:

There is no direct economic cost impact on schools as a result of these rules. Our office's hope is that increased retirement savings will eventually lead to less pressure on taxpayers as demand for publicly provided benefit programs for those of retirement age is lessened as retirement savings grow.

5. ALTERNATIVES: *CONSIDERATION OF ALTERNATIVES TO THE RULE TO REDUCE OR AMELIORATE COSTS TO LOCAL SCHOOL DISTRICTS WHILE STILL ACHIEVING THE OBJECTIVE OF THE RULE.*

There is no direct cost impact to schools from these rules.

6. IMPACT ON SMALL BUSINESSES:

INDICATE ANY IMPACT THAT THE RULE WILL HAVE ON SMALL BUSINESSES (EXCLUDING IMPACTS INCIDENTAL TO THE PURCHASE AND PAYMENT OF GOODS AND SERVICES BY THE STATE OR AN AGENCY THEREOF):

There is no direct economic cost impact of these rules on small businesses. These rules should aid small businesses, as it provides at no cost to the employer, an opportunity for their employees to have retirement savings vehicles. Aside from a short sign-up process and very modest payroll requirements, there is no ongoing administrative burden for small business

owners. Additionally, given that they are prohibited from contributing any amount of money to employee accounts, there is zero financial burden on small businesses as a result of these rules.

7. SMALL BUSINESS COMPLIANCE: *EXPLAIN WAYS A BUSINESS CAN REDUCE THE COST/BURDEN OF COMPLIANCE OR AN EXPLANATION OF WHY THE AGENCY DETERMINES THAT SUCH EVALUATION ISN'T APPROPRIATE.*

These rules only require a short, one-time, registration process to be completed by small businesses, and simple ongoing payroll deductions. Our office is focused on outreach well in advance of implementation to make the registration process as easy as possible. Additionally, our office's vendor will be available, as will our office, to troubleshoot any concerns voiced by small businesses.

8. COMPARISON:

COMPARE THE IMPACT OF THE RULE WITH THE ECONOMIC IMPACT OF OTHER ALTERNATIVES TO THE RULE, INCLUDING NO RULE ON THE SUBJECT OR A RULE HAVING SEPARATE REQUIREMENTS FOR SMALL BUSINESS:

These rules will positively impact tens of thousands of Vermonters by providing a vehicle for retirement investments and savings. Additionally, these rules are necessary to implement the program pursuant to Act 43 of the 2023 Legislative Session, and meet the timelines set forth by the General Assembly. Our office is soliciting feedback from small business owners on our advisory board to make the administrative requirements on business owners as uncomplicated and streamlined as possible.

9. SUFFICIENCY: *DESCRIBE HOW THE ANALYSIS WAS CONDUCTED, IDENTIFYING RELEVANT INTERNAL AND/OR EXTERNAL SOURCES OF INFORMATION USED.*

This economic impact analysis provides the Office's best assessment of the economic impact of this Program based on the information available.

Environmental Impact Analysis

Instructions:

In completing the environmental impact analysis, an agency analyzes and evaluates the anticipated environmental impacts (positive or negative) to be expected from adoption of the rule; compares alternatives to adopting the rule; explains the sufficiency of the environmental impact analysis. If no impacts are anticipated, please specify “No impact anticipated” in the field.

Examples of Environmental Impacts include but are not limited to:

- Impacts on the emission of greenhouse gases
- Impacts on the discharge of pollutants to water
- Impacts on the arability of land
- Impacts on the climate
- Impacts on the flow of water
- Impacts on recreation
- Or other environmental impacts

4. WATER: *EXPLAIN HOW THE RULE IMPACTS WATER (E.G. DISCHARGE / ELIMINATION OF POLLUTION INTO VERMONT WATERS, THE FLOW OF WATER IN THE STATE, WATER QUALITY ETC.):*

No impact anticipated.

7. **CLIMATE:** *EXPLAIN HOW THE RULE IMPACTS THE CLIMATE IN THE STATE:*

No impact anticipated.

8. **OTHER:** *EXPLAIN HOW THE RULE IMPACT OTHER ASPECTS OF VERMONT'S ENVIRONMENT:*

No impact anticipated.

9. **SUFFICIENCY:** *DESCRIBE HOW THE ANALYSIS WAS CONDUCTED, IDENTIFYING RELEVANT INTERNAL AND/OR EXTERNAL SOURCES OF INFORMATION USED.*

Retirement savings accounts have no impact on the environment. The Office of the State Treasurer recognizes that there are potential reductions in greenhouse gas emissions from reducing the use of first-class mail to notify employers of their requirement to register for the Program and notify participants about their account. However, identifying whether this rule will, in fact, impact greenhouse gas emissions depends on how many employers in the State opt to receive registration notification through first-class mail rather than online and how many participants opt to receive account information through first-class mail rather than an online portal. It will also depend on whether the energy use associated with electronic systems ultimately will use less fossil fuels and produce less carbon emissions than first-class mail. Without knowing having this data available to us, it would be speculative for the Office to attempt to calculate the impact on greenhouse gas emission from this rule. We believe, regardless of how many employers request first-class mail, the environmental impacts will be de minimis.
